Internship & Training

Grow Tech – Dr. Reddy’s Foundation Training

February – April 2026

Full Stack Web Development Trainee

Indore, M.P.

- Completed full-time corporate-style 3 Months training (9:30 AM – 5:30 PM) in MERN Stack Development.
- Built end-to-end web applications using JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Developed RESTful APIs and implemented authentication, database integration, and frontend-backend connectivity.
- Used Git for version control and collaborated on team projects.

Projects

NexusPlay - Game Discovery Platform | *React, Tailwind CSS* | Live Demo

2026

- Built a responsive game discovery web app consuming RAWG API with 100+ curated titles, search, and genre/platform filters.
- Developed custom React hooks for API integration with intelligent fallback to mock data ensuring offline functionality.
- Implemented real-time pricing with discount badges, community ratings (0-5.0), and weekly free games section.
- Designed responsive masonry grid layout using Tailwind CSS for seamless cross-device experience.

Sales Dashboard | *React, Tailwind CSS* | Live Demo

2026

- Developed an interactive sales dashboard to visualize business metrics such as revenue, sales trends, and product performance.
- Integrated dynamic charts and graphs using recharts to display real-time data insights.
- Implemented filtering and sorting features for analyzing data based on date, category, and performance.
- Designed a responsive and user-friendly UI using React and Tailwind CSS for seamless experience across devices.
