

ARSHAD PATEL

Full Stack Software Engineer | MERN | Python | Data Analytics | AI | AWS

+91 9893778227 arshadpatel002@gmail.com www.linkedin.com/in/arshad-patel-459181220

SUMMARY

Full Stack Software Engineer with 2+ years of experience designing and developing scalable web applications, enterprise platforms, and AI-enabled solutions using React.js, Next.js, Node.js, NestJS, Python, FastAPI, AWS, and SQL/NoSQL databases. Experienced in building RESTful and GraphQL APIs, responsive user interfaces, cloud deployments, and serverless architectures. Skilled in data analysis, data preprocessing, exploratory data analysis (EDA), and visualization using Python, Pandas, NumPy, Matplotlib, and Seaborn. Proven ability to deliver end-to-end solutions across frontend, backend, database, and cloud environments while collaborating with cross-functional teams and mentoring junior developers.

Professional EXPERIENCE

GammaEdge Technologies

Software Engineer

June 2025 – Present

Indore Madhya Pradesh India

- Designing and developing scalable full-stack enterprise applications and AI-powered platforms using React.js, Node.js, NestJS, AWS, and SQL databases.
- Building responsive and reusable frontend components with React.js while ensuring optimal user experience and performance.
- Developing secure RESTful APIs and backend services supporting enterprise-scale applications.
- Contributed to Korn Ferry Talent Suite, delivering features for employee assessment, reporting, and training workflows.
- Developed backend services for AI Creative Studio enabling users to create and manage custom AI agents based on business requirements.
- Designed database schemas and optimized SQL queries to improve performance and scalability.
- Participated in architecture discussions, code reviews, and mentoring junior developers.
- Worked across frontend, backend, database, and deployment pipelines to deliver production-ready solutions.

Young Decade IT Solutions

MERN Stack Developer

October 2024 – May 2025

Indore Madhya Pradesh India

- Developed modern web applications using React.js, Node.js, Express.js, MongoDB, and SQL.
- Built responsive user interfaces using React.js, Bootstrap, Material UI, Tailwind CSS and custom CSS.
- Designed and implemented RESTful APIs and backend modules supporting business workflows.
- Collaborated with product and QA teams to deliver scalable and maintainable features.
- Improved application performance through frontend optimization and backend query tuning.
- Managed production deployments and post-release maintenance activities.

Technomatz IT Solutions

MERN Stack Developer

August 2023 - August 2024

Indore Madhya Pradesh India

- Developed responsive frontend interfaces using React.js and modern CSS frameworks.
- Built backend APIs using Node.js and Express.js for web and mobile integrations.
- Implemented REST and GraphQL services for scalable client-server communication.
- Fixed critical production issues and optimized application performance.
- Collaborated with cross-functional teams to deliver stable and maintainable software solutions.

Skills

Frontend: React.js, Next.js, Redux Toolkit, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Responsive Design

Backend: Node.js, Express.js, NestJS, FastAPI, REST APIs, GraphQL, Authentication & Authorization

Databases: MongoDB, MySQL, PostgreSQL, Database Design, Query Optimization

Cloud & DevOps AWS, Serverless Architecture, Lambda, API Gateway, S3, EC2, cPanel

Tools: Git, GitHub, Jira, VS Code, Cursor AI, Claude AI Windsurf, Postman, Linux, Windows, macOS

Other: AI Integration, System Design, Agile Methodologies, Leadership, Code Reviews, Mentoring

EDUCATION

B.Tech (computer science)
Sage University Indore (m.p.)
Academic cgpa - 7.8
2019 - 2023

Higher Secondary
School Of Excellence Dhar (m.p.)
(12th standard)
First division
2018 - 2019

Personal Projects

AI Resume Analyzer

Full Stack + Python + AI

- Built an AI-powered resume screening platform using React.js, FastAPI, Python, and OpenAI APIs.
- Implemented resume parsing, skill extraction, candidate scoring, and job matching.
- Created analytics dashboards for recruiters.
- Integrated PostgreSQL for data management.

Tech Stack:
React.js, FastAPI, Python, PostgreSQL, OpenAI API

Sales Analytics Dashboard

Data Analytics Project

- Performed data cleaning and preprocessing on large sales datasets using Pandas and NumPy.
- Conducted EDA to identify sales trends, customer behavior, and business insights.
- Built interactive visualizations using Matplotlib and Seaborn.
- Generated actionable reports supporting business decisions.

Tech Stack:
Python, Pandas, NumPy, Matplotlib, Seaborn

E-Commerce Analytics Platform

Full Stack + Data Analytics

- Developed an analytics system for e-commerce stores.
- Built dashboards for revenue, orders, and customer insights.
- Created ETL pipelines for data processing and reporting.
- Implemented role-based access control and secure APIs.

Tech Stack:
React.js, FastAPI, Python, PostgreSQL

Languages

- English
- Hindi
