PROFESSIONAL SUMMARY

Results-driven Java Developer with 2.5+ years of experience in designing, developing, and maintaining scalable backend applications using Java, Spring Boot, and Microservices Architecture. Strong expertise in RESTful APIs, database optimization, JWT-based authentication, and secure application design. Passionate about writing clean, maintainable code and collaborating in Agile environments to deliver high-impact solutions. Actively expanding expertise in cloud technologies (AWS) and DevOps practices to stay aligned with industry demand.

TECHNICAL SKILLS

- **Languages:** Java, SQL, C#, JavaScript
- **Framework:** Spring Boot, Spring MVC, Spring Security, REST API, Hibernate/JPA, Microservices
- **Databases:** MySQL, PostgreSQL
- **APIs:** RESTful APIs, JSON, Swagger, Postman
- **Tools:** Git, GitHub, Maven, IntelliJ IDEA, Eclipse
- **Methodologies:** Agile (Scrum), Familiar with SDLC phases
- **Core Strengths:** System Design Fundamentals, Scalability, Team Collaboration, Performance Optimization, Secure Coding, Problem Solving

PROFESSIONAL EXPERIENCE

Java Developer (Associate Consultant) | KSVSoftTech Pvt. Ltd.

Sep 2023 – Feb 2026

- Designed and developed scalable Spring Boot microservices with modular architecture.
- Built and integrated RESTful APIs consumed by frontend and third-party systems.
- Optimized Hibernate & JPA queries, improving application performance by 20%.
- Implemented JWT-based authentication and role-based authorization using Spring Security.
- Collaborated with cross-functional teams including developers, QA engineers, and business analysts to deliver production-ready features.
- Improved system reliability by identifying bottlenecks and reducing downtime.
- Participated in full SDLC phases from requirement analysis to deployment, ensuring timely delivery in Agile Scrum.
- Participated in Agile Scrum ceremonies, requirement discussions, and sprint planning to ensure effective communication across teams..

- Delivered production-ready features under tight timelines with high code quality standards.

Java Trainee | Kangaroo Software, Indore

Dec 2022 – May 2023

- Completed intensive hands-on training in Core Java, Spring Boot, HTML, and JavaScript.
- Developed 3+ full-stack applications integrated with MySQL.
- Enhanced backend logic and optimized SQL queries reducing load time by 20%.

PROJECTS (Personal Project)

AI Resume Assistant | Personal Project

Tech Stack: Java, Spring Boot, PostgreSQL, REST API, AI API (Gemini), Docker, Maven, Git

- Developed an AI-powered Resume Assistant using Java, Spring Boot, and PostgreSQL to analyze resumes against job descriptions
- Implemented ATS match score calculation, missing skills detection, and AI-generated interview questions.
- Integrated the Gemini API to provide personalized resume improvement suggestions.
- Containerized and deployed the application using Docker for a consistent and portable runtime environment.

PROJECTS at KSVSoftTech Pvt. Ltd

Human Resource Management System (HRMS)

- Built end-to-end HRMS for employee lifecycle management.
- Automated leave approvals, attendance tracking, and shift scheduling.
- Implemented rule-based logic ensuring accurate real-time attendance data.
- Designed secure APIs with **JWT & OAuth2 authentication**, automated attendance tracking, and implemented rule-based logic for real-time accuracy.

Customer Relationship Management (CRM)

- Developed CRM system for lead tracking and client communication.
- Built analytics dashboards for lead conversion, integrated **role-based access control**, and centralized customer data for better decision-making
- Centralized customer data for improved business decision-making.

ERP System (Retail & Restaurant Domains)

- Designed adaptable ERP system for multi-domain operations.
- Developed APIs for order management, inventory, and employee shift tracking.
- Implemented microservices-based APIs for order & inventory management with secure authentication

EDUCATION

- B.Tech – Computer Science, RGPV University, Indore (2018 – 2022)
- 12th (MP Board), Chakroborty Public School (2018)
- 10th (MP Board), Govt. Model H.S. School (2016)
