Education

Institute Name

Aug-2021-July2025

Indira Gandhi Govt. Enginnering College (IGEC) Sagar, M.P.
Bachelor of Technology in IT (CGPA: 7.62 / 10)

Experience

Debugshala

July 2025–Feb 2026

Fullstack MERN Developer Trainee

Indore

- * Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, React.js, Tailwind and Bootstrap, ensuring cross-browser compatibility and mobile-first performance.
- * Led a cross-functional team in implementing a new feature using React, resulting in a 15% increase in user engagement within the first month.
- * Developed scalable and secure backend services using Node.js, Express.js, and MongoDB, following RESTful API architecture and MVC pattern for clean and maintainable code.
- * Implemented CRUD operations, middleware handling, and error management to enhance API reliability and maintainability.

Projects

Bookmarker Web Application | HTML, CSS, JavaScript, Bootstrap

GitHub | Live Demo

- * A web-based Bookmark Manager lets users save, organize, and access favorite websites with a clean, responsive interface by storing names and URLs in the browser's localStorage. It works entirely frontend-side, allowing easy bookmark management without any backend

Grocify | HTML, CSS, JavaScript, TailwindCSS, React.js

GitHub | Live Demo

- * Grocify is a multi-page online grocery web application built using React.js, focused on clean UI, responsive design, and smooth user interactions. It features organized product categories and a modern layout to deliver a fast, intuitive, real-world grocery shopping experience.

Ecommerce-Web | HTML, TailwindCSS, JavaScript, React.js, Express.js, MongoDB

GitHub | Live Demo

- * This e-commerce web app uses React and Tailwind CSS to deliver a fast, modern, and user-friendly shopping experience with clean UI and responsive design. It includes a dynamic product catalog with price section, search filters, a shopping cart, and a clear order summary.
