OBJECTIVE:

Motivated and detail-oriented Computer Science Graduate with a Post Graduate Diploma in Advanced Computing from CDAC Bengaluru. Proficient in Java programming, with a certification from Coding Point. Hands-on experience in full-stack development through a MERN-based Online Book Club project. Passionate about software development and eager to apply my skills in a challenging role. Currently seeking an opportunity to start my professional career and contribute effectively to an innovative team.

SKILLS:

- **Programming Languages:** Java, Python, C++, C#
- **Web Technologies:** HTML, CSS, Tailwind CSS, JavaScript
- **Frameworks:** J2EE, Spring, Spring Boot, Hibernate, Node.js, ReactJs, ASP.NET
- **Database Management:** MySQL, MongoDB, SQL/PLSQL
- **Operating Systems:** UNIX/Linux, Windows
- **CI/CD & Tools:** Git, GitHub, Gitflow, Jenkins, GitHub Actions, Maven, VS Code, Eclipse
- **Relevant Coursework:** Data Structures & Algorithms, Object Oriented Programming, SDLC

PERSONAL PROJECTS:

Online Book Club – "The primary goal of the project was to Create a platform where book lovers can connect, explore best-selling books, and manage their book Collections, either by updating, editing or deleting books, by their own".

Technologies Used : HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, MySQL

Github Link : https://github.com/Ritiklaad25/Online_Book_Club

Stream24(OTT Streaming Platform) – Stream24 is a web-based OTT platform that works like a simplified version of Netflix or Amazon Prime. The goal was to build a full-stack application where users can watch movies, TV shows, and anime online, with a smooth and user-friendly experience.

Technologies : HTML, Tailwind CSS, SpringBoot , React.js , MongoDB.

Outcome : Delivered a scalable OTT platform with seamless integration, featuring user authentication, content management, and video playback.
